

1st INTERNATIONAL WORKSHOP
AN OPEN DOOR – QUALITY

BAIA MARE

7-8 MAY 2010

SECTION B2

Organize by
"George Barițiu" Technical College
Prof. Ing. Păunița PÂRLOG

North University Baia Mare
Lect.univ.dr. Grațîela Dana BOCA

QUALITY - AN OPEN DOOR

CHAIRMAN :
prof. Terica BÂRLE –
Principal
„George Barițiu” Technical College

SECRETARY :
prof. Claudia STAINER

SCIENTIFIC COMITEE:

Conf.univ.dr. Corina RADULESCU
Conf.univ.dr. Rita TOADER
Lect.univ.dr. Gratiela BOCA

Prof. Inf. Paunita Parlog
Assoc.prof.dr. Ihsan Demir CEMIL
Assoc.prof.dr. Dr. Kerim Ozcan

Keynote speaker

The dinamic evolution on Management Thought

Dr. Kerim OZCAN

Afyon Kokatepe University

Turkey

Causes and Consequences of Tax Morales: Emoirical Findings

Dr. Ihsan Demir CEMIL

Afyon Kokatepe University

Turkey

A new concept in management quality

Dr. Boca Gratiela

North University Baia Mare

Romania

TABLE OF CONTENT

1.A new provocation on technological process -quality simulation and model products in industrial process

Ramazan SATICI
Suleyman BOLAT
Afyon Kokatepe University
Turkey
Coordinator : lect.univ.dr. Boca Gratiela
North University Baia Mare
Hasan Gokkaya
Karabuk University Turkey

2. A new concept for Quality, E-Blended learning 4 Technology

RATA Oana
MURESAN Raluca
North University Baia Mare
Faculty of Sciences
Coordinator: dr. Boca Gratiela
North University Baia Mare
Romania

3. Turkey vs Romania a new concepts.

Habip UYAR
Afyon Kokatepe University
Turkey
Coordinator : Kerim Demir, Ihsan Cemil Demir
Afyon Kokatepe University
Turkey

5. Teacher vs ICT practice on e-blended platform EICU

TARTA Viorelia
ORHA Andreea
North University Baia Mare
Faculty of Sciences
Coordinator: dr. BOCA Gratiela
North University Baia Mare
Romania

6. Are we ready for Management Carrier ?

Birtoc Adelina
North University Baia Mare
Faculty of Biology
Romania

7. Turkey vs Romania vs USA

Muhammet MUZENNET

Afyon Kokatepe University
Turkey
Coordinator : Ihsan Cemil Demir, Kerim Demir,
Afyon Kokatepe University
Turkey

8. Teacher vs ICT

Roxana BUIE
North University Baia Mare
Faculty of Sciences
Coordinator: dr. Boca Gratiela
North University Baia Mare
Romania

9. Tehnological Education in Turkey

Bayram KILINC
Afyon Kokatepe University
Turkey
Coordinator : Ihsan Cemil Demir, Kerim Demir,
Afyon Kokatepe University
Turkey

10. Solution for economical crises –entrepreneurship

MSc:Smit Edith
North University Baia Mare
Faculty of Sciences
Romania

11. How we can improve quality in Management Education

MSc Birtoc Daniela
North University Baia Mare
Faculty of Sciences
Romania

12. Migrația forței de muncă Studiu de caz România

Georgiu Cristina Alexandra
Ionaș Andreea Maria
Universitatea de Nord Baia Mare
Facultatea de Științe
Coordonatori : Conf. univ. dr. Coman Adela
Lector univ. dr. Boca Grațiela

**A NEW CONCEPT FOR QUALITY
E-BLENDED LEARNING 4 TECHNOLOGY**

Student
Rata Oana,
Muresan Raluca
North University Baia Mare
Faculty of Sciences

Coordinator :
assoc.prof.dr.BOCA Gratiela Dana
North University of Baia Mare

Abstract: *E-Learning does not exist apart from already established and traditional learning venues. As new technology is introduced and adopted, it immediately becomes integrated with the instructional technology that preceded it. This is called "Blended Learning" or "Hybrid Learning" delivery. We are blending old and new instructional methods, and more technically we are blending a sequence of both synchronous and asynchronous learning events. Blended Learning aims at orchestrating an effective composition of learning experiences. Instructional design has a long history of "blending" classroom work with homework, field trips, labs, reading assignments, and audio-visual media. However, what is new in this era of blended learning are the powerful modes of online synchronous and asynchronous activities and technology-based instructional methods which can now be added to the mix.*

Keywords: *blended learning, knowledge, online synchronous, asynchronous activities.*

**A NEW PROVOCATION ON TECHNOLOGICAL PROCESS –
QUALITY SIMULATION AND MODEL PRODUCT
IN INDUSTRIAL PROCESS**

Student
Ramazan SATICI,
Suleyman BOLAT
Karabuk University, Turkey
Supervise: assoc.prof.dr. Gratiela Boca
North University Baia Mare
Romania

Abstract: *The new problems on global market bring a wind of changes in our lives, as well in technology, in environment protection, the future provoke us to find immediately solution and identify new sources for industry.*

The solution to this problem is the improvement of quality management of enterprises and also of products which must be designed taking into consideration the protection of environment. From this point of view we have to change the total quality management.

Keywords: *improvement quality, iceberg quality costs, virtual simulation, model product design, low design product.*

MIGRAȚIA FORȚEI DE MUNCĂ
STUDIU DE CAZ: ROMÂNIA

Studente :
Georgiu Cristina Alexandra
Ionaș Andreea Maria
Universitatea de Nord Baia Mare
Facultatea de Științe
Coordonatori :
Conf. univ. dr. Coman Adela
Lector univ. dr. Boca Grațîela

Abstract : *Revoluția tehnico-științifică contemporană a transformat educația și formarea profesională a forței de muncă într-una din problemele esențiale ale dezvoltării economice și social-politice. Pentru a ne putea familiariza cu termenul migrației este necesară o definiție etimologică a termenului migrație sau migrațiune, care vine din latinescul: migratio, -onis cu diferite sensuri pe care însemnătatea cuvântului în sine a avut-o în istorie: "deplasare în masă a unor triburi sau a unor populații de pe un teritoriu pe altul, determinată de factori economici, sociali, politici sau naturali; migrare"...sau cu sensul:". deplasare în masă a unor animale dintr-o regiune într-alta, în vederea reproducerii, a căutării de hrană etc.*

Keywords : migrație, revoluția științifică, valul migrației românilor

A NEW CONCEPT FOR COMPARING BETWEEN HIGH SCHOOL
EDUCATION IN ROMANIA AND TURKEY

Student
Bayram Kılınç
Habip Uyar
Afyon Kokatepe University
Turkey
Coordinator : assoc. prof.dr. Ihsan Cemil DEMİR
assoc.prof.dr. Kerim OZKAN
Afyon Kokatepe University
Turkey

Abstract

The aims of these schools are to secure a level of general knowledge, develop an awareness of individual and community problems and to contribute to the economic, social and cultural growth of the country as well as preparing students for higher education.

Keyword: education, management, economical growth

ARE WE READY FOR MANAGEMENT CARRIER ?

Student
Birtoc Adelina
North University Baia Mare
Faculty of Sciences
Romania

ABSTRACT: *An individual's career orientation is important when we compare it to the profession which he has. Compatibility of the two resulting consequences for individual behavior and attitudes for his service and for his state of balance and satisfaction. It is essential that individual to carefully choose their profession, need to think long term that would more specifically, what are the specific types of organizations, opportunities, opportunities to exploit natural potential, there may be a difference between perception of what that profession outside, and actually implying.*

Keyword: individual carrier, management carrier, new provocation.

PROFESOR VS. CALCULATOR

Roxana Lavinia BUIE
Universitatea de Nord Baia Mare
Facultatea de Științe
Profesor coordonator : BOCA Grațîela
North University Baia Mare

Abstract : *Computer, will never replace teachers in all actions, but to ignore his role and importance that's means to oppose normality. The need access to information, there is a need computer use in schools, at least to ensure equal opportunities in education. The possibilities of information processing and computer storage it offers, are opportunities to improve teaching in all disciplines act education . On the one hand, constant incitement to reconfigure computer image that we have about fields of knowledge - access to sources of information, gives extra knowledge in quantitative terms but also in qualitative terms. Thus become better prepared and professional and methodological.*

Keywords: computer, teacher, new trend in education.

SOLUTION FOR ECONOMICAL CRISIS

Smid Edith
Master student
North University Baia Mare
Faculty of Sciences

Coordinator :
assoc.prof.dr.BOCA Gratiela Dana
North University of Baia Mare

Abstract: The number of poor people could grow to 13 million by 2010. At the same time, we know that most of the poor people are women.

This fact is alarming since it is estimated that in the previously described context, unemployment among women will increase significantly.

This reality demands us to consider in the discussions and decisions about the crisis, as well as in the solutions to survive and overcome it, that the impact of this reality is different on men than on women. The impact is more profound and considerable for women. This is a result of various factors. In spite of the region's increasing participation of women in the labor market, it does not necessarily translate to formal employment, good pay, and with the conditions that characterize a "decent job". On the contrary, in addition to its low productivity, low social recognition, and lack of minimum social welfare benefits, most jobs are precarious, informal, low-paid and unsafe, concentrating on domestic services or extensions of it.

Keywords: *women role, entrepreneurialship, equal chance*

A NEW CONCEPT BETWEEN HIGH SCHOOL EDUCATION IN GREECE AND USA

Students:
Volkan Avcı
Muhammet Muzannet
Afyon Kocatepe University
Erasmus students
North University Baia Mare
Faculty of Economy

Coordinator : assoc. prof.dr. Ihsan Cemil DEMİR
assoc.prof.dr. Kerim OZKAN
Afyon Kocatepe University
Turkey

HOW WE CAN IMPROVE QUALITY IN MANAGEMENT EDUCATION

Ec. Daniela Elena BIRTOC
Master student
North University Baia Mare

ABSTRACT: *Însăși evoluția teoriilor și modelelor manageriale, reflectă drumul spre maturizarea conceptuală și aplicativă, spre posibilitatea clarificării extinderii conceptului de „management” și în domeniul educației. Cercetările în știința managementului, au confirmat că sfera sa de cuprindere este vastă, conducerea fiind un atribut al oricărei activități conștiente. Dar prioritățile s-au conturat mai ales în câteva zone până acum: economică, social-politică, administrativă, științifică, învățământ, cultură, apărare și familie. Așa se explică dominarea și relativa clarificare a conducerii învățământului (școlii) la diverse niveluri, aspirând ulterior la abordarea managementului modern la nivelul instituției, al școlii (conducerea școlii ca organizație), doar că, învățământul este, la rândul lui, integrat acum la nivel de macrosistem, el fiind factorul instituțional principal. Dar managementul poate fi și la nivel de microsistem, al activității educative concrete.*

Keyword: arta managementului, știința managementului, știința conducerii în educație.
